

# girls go cyberstart

Girls Go CyberStart empowers high school girls to discover their talent for cybersecurity, to consider exciting career opportunities, and learn skills that will make sure our country remains digitally safe.

*You don't need any experience in cybersecurity  
or computer science to participate!*

**Now you can play on your own!**

Girls can sign up and play Girls Go CyberStart without a club and play all the way through to the National Championship with \$400 prizes for the top scoring girls!

**Chromebook or restricted laptop? No problem!**

We created a cloud-based PC with all the tools needed to solve GGCS challenges. All you need is the Internet and a Chromebook or a basic laptop. Read more at <http://bit.ly/GGCS-blog>

Registration is open until Feb 14th
